**“An historical outline of Freemasonry on the Internet”**

The public Internet, dating from 1979, has become a ubiquitous part of our world. This paper traces the involvement of freemasons on bulletin boards, mailing lists, chat rooms and forums, Usenet newsgroups and the World Wide Web. Less an history than a chronology, this paper can be viewed as a first attempt to outline what in the future may become a proper history. It is presented as a work in progress, to encourage others to ransack their hard drives and tell their stories.

**ABOUT THE AUTHOR OF THE PAPER**

V.W. Bro. Trevor W. McKeown’s thirty years in communications administration and twenty-eight in Freemasonry are put to good use in his many responsibilities for the Grand Lodge of British Columbia and Yukon. As Grand Lodge Library and Museum curator, a position he has held since 1996, he has created a comprehensive cataloguing system and programme for the display and preservation of their collections. Grand Historian since 2005, he is currently chairman of the Grand Lodge of British Columbia and Yukon Library and Archives Board of Trustees.
